## Work Experience

---

H2Compute (Pvt) Ltd

2014 August – Present

Visit: <http://www.h2compute.com/en/>

Software Engineer

- Developed & managed web applications mainly for European market (H2Compute Mother Company located in Netherlands).
- Successfully deployed 5+ business web applications throughout the tenure and directly involved with project managers, software architects and back-end developers in the process of front end, Web API and admin-portal/backend development.
- Interacted & managed a team of 5 software engineers for the PHOV (e-Learning) Project, supported with day to day functional and technical knowledge.

- Involvement in the implementation of automated build of Microsoft TFS to reduce deployment time and also to overcome issues of manual deployment.
- Documented and conducted technical presentations and training programs for non-technical teams and clients.
- Achieving and setting deadlines and milestones to ensure client satisfaction and bug free releases to production environments.
- Collaborated with Dutch colleagues for software and management issues.
- Played key role as developer in development of business logic of web based applications using Microsoft C#, ASP.NET framework, jQuery, AngularJs and SQL Server.
- Engaged with Client/Business Analysts to define data requirements.
- Implemented interactive & user friendly UI's for desktops and handheld devices for mobile accessibility.
- Controlled existing software solutions with the change requests.

## Programus Ltd

2013 August – 2014 July

Visit: <http://www.programus.co.uk/>

### Associate Software Engineer

- Played role as a junior developer in development of web applications using Microsoft ASP.NET framework (C#, MVC, MS SQL, Linq, knockoutJs).
- Participated in development of conversion of a desktop based product suite to a web based solution.
- Involvement in fixing bugs during testing phase.
- Participated in meetings with the client and team members.
- Development of a mobile friendly/responsive web based product portal.
- Achieving deadlines and milestones to ensure client satisfaction and bug free releases to production environments.

## Education

---

|             |  |
|-------------|--|
| 2015 - 2017 | MSc in Information Systems, Sri Lanka Institute of Information & Technology (SLIIT). |
| 2011 - 2015 | Bachelor of Information Technology, University of Colombo.                           |

## Professional Qualifications

---

|                |   |
|----------------|---|
| 2014 - Present | MBCS, British Computer Society                      |
| 2016 - Present | Microsoft Certified Professional, 70-480, Microsoft |
